

Mediation Procedures

Agreement of parties: These procedures shall apply when the buyer and seller have agreed in writing to mediate as a term of the Agreement of Sale or through a separate agreement to mediate signed by both of them.

Initiation of mediation: Any party may initiate mediation by completing mailing to the association the “Request for Mediation Transmittal Form” (See below). Upon receipt of the Request for Mediation the administrator will notify the other party that mediation has been requested.

Selection of mediator: Mediators are licensed attorneys, licensed real estate agents or private practice mediators. Each has received formal training as mediators and have contracted to participate in the mediation program.

Both parties (buyer and seller) will be asked to review the list of mediators and advise the administrator of any known conflicts of interest by reviewing, completing, signing and returning the list of the mediators within ten (10) days of mailing. The administrator will also disqualify any mediator with a relationship with any of the firms involved in the transaction. Once the parties have had opportunity to advise of any conflicts, the administrator will assign a mediator from those not challenged.

Time and place of mediation conference: At the same time as they are requested to review the list of mediators, the parties will be asked to review calendars for the period when the mediation conference will likely be held. The parties will be asked to cross off any dates for which the party is not available for a mediation conference. The mediator will use this information to expedite scheduling of the conference at a date and time acceptable to all parties.

Mediation conferences typically take place at the Association office located at 100 Deerfield Lane, Suite 240, Malvern, PA. However, on occasion they are held at the mediator’s office or some other neutral location acceptable to all parties.

The conference will be scheduled within seventy-five (75) days of receipt of the initial request. If mediation cannot be scheduled within that time the parties are free to exercise their option to take the matter to litigation. Once the seventy-five (75) day time limit has passed, the mediator will continue attempts to schedule a conference until

- a) One party advises in writing that the party no longer wishes to attempt mediation, or
- b) The mediator, at his or her sole discretion, feels that further attempts to schedule mediation will not result in a timely conference.

Mediator Fees: The mediator fees will be divided equally between buyer and seller and will be paid *before* the mediation conference.

Conduct of mediation conferences: At the mediation conference, the parties will be expected to produce all information reasonably necessary to understand the issue(s) presented. The mediator may ask the parties for written materials or information in advance of the mediation conference.

At the mediation conference, the mediator will conduct an orderly settlement negotiation. Parties at the mediation conference must have authority to enter into a binding written agreement settling the dispute. The mediator will be impartial in such proceedings and has no authority to compel the parties to agree to a proposed settlement.

Formal rules of evidence do not apply to the mediation conference.

Representation by counsel: Mediation is designed to promote fair solutions to parties who are not represented by counsel. However, parties may be represented at the conference by counsel. Any party who intends to be represented by counsel must notify the mediator and all other parties that they will be represented by counsel at least ten (10) days in advance of the conference. Parties should consult an attorney if they have questions about mediation.

Confidentiality: No aspect of the mediation shall be relied upon or introduced as evidence in any arbitration, judicial or other proceeding, including but not limited to:

- Views expressed or suggestions made by a party with respect to a possible settlement of the dispute
- Admissions made in the course of the mediation
- Proposals made or views expressed by the mediator or the response of any party thereto.

No privilege shall be affected by disclosures made in the course of mediation. Disclosure of any records, reports, or other documents received by or prepared by the mediator cannot be compelled. The mediator cannot be compelled to disclose information or testify in any proceeding about information disclosed or representations made in the course of the mediation or communication to the mediator in confidence.

Mediated settlement: The mediated settlement must be reduced to writing by the parties, dated, and signed by all parties either at the mediation conference or as soon as possible after the conclusion of the mediation conference. Generally, the agreement can be completed by the close of the mediation conference. The mediated resolution once signed by the parties becomes binding on them.

If the parties do not come to a resolution either party is free to pursue the matter through any other legal means available to them.

Judicial proceedings and immunity: Neither the mediator nor the association shall be deemed "necessary parties" in any judicial proceedings relating to mediation under this program. Neither the mediator nor the association shall be liable to any party for any act, error, or omission in connection with any service rendered under the program.

Timing of claims: Generally, the filing of a request for mediation will not extend any time limitation by which parties must bring claims in court. These timelines are governed by state law. Legal counsel should be consulted regarding applicable filing deadlines.
